SUMMARY

As a motivated and creative intern Software Developer, I am passionate about creating innovative tools that add real value. I have completed successful projects both independently and in a group setting, and am dedicated to continuous learning and development. My goal is to contribute to organizational success while enhancing my own coding aptitude in the ICT industry, and I'm enthusiastic about the opportunity to become a valuable asset to your team.

EDUCATION

Life Choices Coding Academy

Full-Stack Web Development Certificate

Cape Town, Western Cape
